Class of Consumers
These products are designed for a class of consumers whose likely needs, objectives and financial situation (as set out below) are aligned with the product/s and the product’s key attributes. The Send Money, Multi-currency account, and debit cards products solve the needs of Consumer and Business customers who wish to:
  ● Send or receive money, both internationally or domestically
  ● Hold their money in a currency of their choice
  ● Spend their money, wherever in the world they are

Needs, objectives and financial situation
These products are designed for consumers who need:
  ● A low-cost, fast, and convenient solution to send or receive money internationally and domestically.
  ● An account that enables them to receive and then hold money in a range of currencies. The account is not a savings or investment account as there is no interest payable on the amounts held in the account.
  ● A debit card that they can use internationally to pay in different currencies.

4. DISTRIBUTION CONDITIONS AND RESTRICTIONS

Distribution Channels
These products are designed to be sold via the following means:
  ● Online through Wise website and mobile application
  ● Via one of Wise’s partner apps

Distribution conditions and restrictions
These products should only be distributed under the following circumstances:
  ● If the consumer meets the eligibility criteria for these products
  ● The customer type and use case falls within the Wise Acceptable Use Policy
Appropriateness of distribution conditions and restrictions
Wise have assessed that the distribution conditions and restrictions will make it likely that consumers who acquire the products are in the target market. Wise considers that the distribution conditions and restrictions are appropriate and will direct distribution towards the class of consumers for whom the products have been designed.
